Public Engagement Summary

In February of 2024, Eagle Township held a two-pronged community engagement process, consisting of a survey (available online and in hard copy) and a public engagement event.

The survey had 325 respondents, and nearly 200 residents participated in the community engagement event.

The full results of the public engagement are included in the Appendix. However, there was a clear takeaway from the engagement effort:

Eagle residents value the natural and rural beauty of their community. They see little need to encourage growth or development, and instead advocated that Township leaders pursue policies of natural preservation, in order to continue the high quality of life experienced by Eagle residents.

Below is a Word Cloud of the responses given when Survey Respondents were asked "What makes you most proud of living in Eagle Township?"

Comment Cards

The public was invited to fill out a comment card and place it in a box. Each response is quoted below:

- Some change is acceptable but controlled change. We are resident does not equal pl. Stay residential!!
- No more subdivisions. We already have a trailer park that is only ¼ full.
- No ITC lines.
- · EMS and fire access to both rivers.
- · Prosperity without growth, Tim Jackson (author); forward by King Charles (Britain) worth reading!
- We are from Grand Ledge and would like Eagle to remain the same. Grand Ledge has grown too fast and we
 don't need Eagle to become the same sprawl. It's a beautiful community that should be left rural.
- I really appreciated having a survey that represented all the options and viewpoints giving residents and others the opportunity to accurately express their views regarding a master plan in our township.
- Biking paths
- New residential should be a cute façade, high density (maybe), located in a small area. If more places to live would be good. Bicycling areas/trails that are safe from autos.
- · Keep it rural. We paid a premium to be here. Thank you!
- I do not wish to have homes build on less than 10-acre parcels. It has been said repeatedly that homes on smaller front lots will allow farming to the rear. And will also keep industrial and solar/wind at bay. The only thing small front lots will accomplish is more homes and residences. It will only encourage landowners to sell off frontage- solar and wind and industrial will still build behind.
- Leave our farmland alone. Do not want industrial. Enjoy quiet. No wind or solar.
- · Very supportive of local control!
- Keep Eagle and surrounding community as is.
- This presentation was similar to our electronic survey. It was good. I just hope you are listening to our community. Thank you. P.S. Why are people outside community to participate?
- We do not want the land sold to Chinese-owned anything!
- No Chinese/foreign business!
- So glad the new township board is doing a great job and listening to its citizens. Keep up the good work.
- · Greater sense of people who wanted to listen to what residents are looking for.
- Eagle is a small, tight-knit community of farmers and agriculture. These corrupt state officials, the governor, MESDC, etc. pushing these mega-sites and wind turbine/solar farms need to leave us hell alone. We don't want them!!! Leave Eagle the way it is!!
- Eagle has always been a small farming community and should remain that way.
- No mega site!!!
- I don't want Eagle Township to become part of Lansing, like Delta Township and Meridian Township. Keep Eagle Township rural! No industrial development. No commercial development.
- Would like to see Eagle retain its rural character. There is not room or desire for a mega site or wind or solar farms.
- We appreciate the current township board and planning commissions hard work and dedication. It is a relief having trusted members be our voice and advocate for Eagle residents. We love our community and want to keep it the same. Thanks for all you do!
- No mega site keep farmland.
- · Eagle is beautiful! The people working the land.
 - 1) Improvement to workshop: use markers instead of dots.
 - 2) Glad to see petition signing.

- 3) Proud of Eagle folks getting together to be heard.
- 4) State low of 300' for notification is too small. 1,000 ft notifying neighbors should be minimum.
- Survey was sometimes vague and confusing here and there. But good start. Really appreciate being asked and the comms.
- Need local control of growth in rural area. Keep the farmland put the industrial growth in the city where they belong.
- I don't believe it is reasonable to insist on no growth. Progress happens and change happens- but, with a strong plan for growth we can keep Eagle township from becoming a disorganized industrial mess. I believe there could be reasonable growth I the village of Eagle, for example, an agricultural farm market or small stands. A huge industrial facility I believe would be an environmental disaster and would turn a lovely plot of land into a polluted brownfield in no time flat. All the talk of jobs/jobs/jobs is a house of cards. How about a park with recreational areas? If that land must be rezoned, I would prefer a solar farm to a huge manufacturing plant. Thank you to the Eagle Township Board and McKenna!
- Eagle Township is an ideal community- as it is! Home ownership and housing values are high, crime rates are low, higher education attainment rates are high and unemployment is low. This is one of the best counties in the state to raise a child. It would be foolish to make changes that would impact this delicate balance.
- This was much better than the last community engagement. Informative and more applicable to our community. Thank you.
- Support vertical farming projects.

|----|--|
| 1 | My husband and I have lived in Eagle since late 1989 and raised our 3 kids here. Theycame after school, played outside, discovered the woods, and found activities to keep themselves busy. Neighbors looked out for one another. We've been here all the while one acre lots on main road frontage has been sold off and homes built. Change is inevitable. I do see more changes in the last few years than in previous years. With high density population in a small space/area brings some issues, we got capital crossings because there was no planning in place. or requests such as that. It literally fell into disrepair for years. During bankruptcy after bankruptcy. I would like to see slow growth and planned growth. |
| 2 | We are fortunate to live in a rural area, close to Lansing for work (I retired in 2010, moved here in 1989) and children went to Portland schools. So far it's been a low crime area. I know my neighbors. |

| 209 | Nothing, any more. |
| 210 | The feel of being in the country but close to cities. Neighbors close too but not on top of! |
| 211 | It's home! My husband and I raised a family here. I enjoy: the quiet peacefulness, the spaciousness, the lack of bustle, few neighbors, the wildlife enjoying our backyard, the darkness of night, little traffic, the calmness I appreciate Eagle for what it is. I grew up in a suburb and have no desire to live in that environment ever again. |
| 212 | The rural environment, focus on farming, natural resources and open space. |
| 213 | The fact that the township vision is to protect our rural land and protect the township from unreasonable growth too fast. |
| 214 | Rural character, low density, quiet, relatively clean environment, friendly people, low crime, low traffic, dark skies at night. |
| 215 | Laidback country life |
| 216 | The community |

Q10 What makes you most proud of living in Eagle Township?

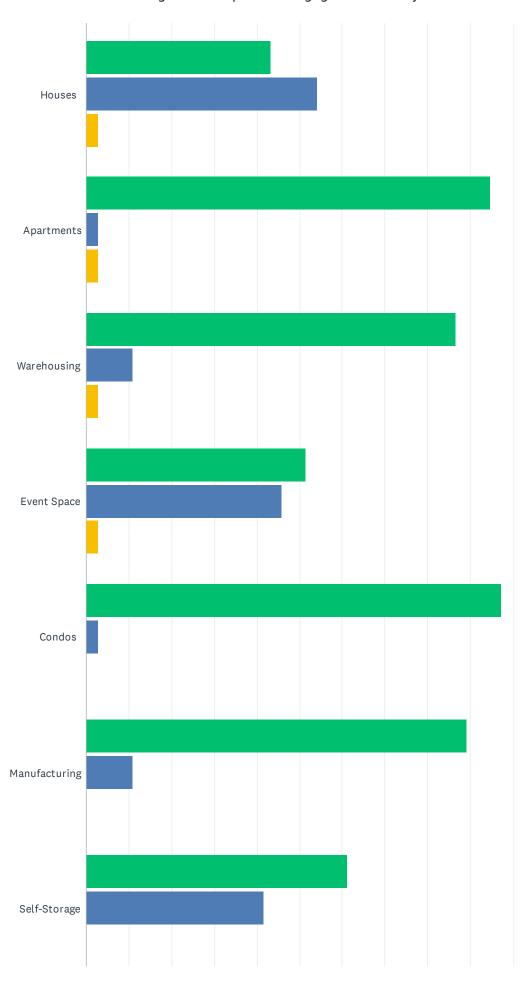

Answered: 32 Skipped: 15

| # | RESPONSES |
|----|--|
| 1 | The rural feel, quiet back roads, open farmland, abundant wildlife, relatively dark skies |
| 2 | Country. Rural. Natural woodlands/wetlands/farming. |
| 3 | Rural. Farmland, dirt(not concrete) wildlife, mostly dark skies, being able to be outside to exercise, and socialize. |
| 4 | I appreciate the rural character of Eagle, and the importance of being good neighbors. |
| 5 | It is country living but 10 minutes from stores |
| 6 | Although I am not directly in the township, I am on the boundry line. I absolutely love Eagle Township as it is. |
| 7 | I do not live in Eagle township. I live in Westphalia. I have attended every township meeting from March 2023 through November 2023. I have been concerned with the sale of MSU farmland transferred into. industrial use. This land was intended for agriculture use not industrial use. |
| 8 | I do not live in Eagle Twsp. but I live in Grand Ledge nearby. I do not want an CPP battery plant on beautiful agricultural land. It will destroy the land and water quality for all of us. We also do not need that kind of traffic around our town or rural areas or getting to thr expressw No one wants these ugly plants in their back yards. They should be looking at old GM plant and old factory sites and not ruining good land. |
| 9 | rural, small town character, farming area, wild life |
| 10 | Rural America |
| 11 | Peaceful, quiet, natural location close to more populous area. |
| 12 | Community |
| 13 | The people |
| 14 | Ppl have a backbone |
| 15 | This is a quiet peaceful rural area. Wildlife is valued and loved. It is a proud farming community. |
| 16 | The natural beauty, the quiet atmosphere and the good people. |
| 17 | As I do not live in the township anymore, I was born and raised in Eagle and my family still resides there, growing up in the small village made me who I am today, adding more homes and businesses would take away from the small town feel. Also Eagle township need to be ones who make the decisions on what goes on with the land not people from Lansing or different cities. |
| 18 | Not a resident, but admire what Eagle Twp currently represents |
| 19 | You can't beat that small town feel. |
| 20 | Eagle is a nice rural community where people work together for the good of the community a each other. The Eagle fairgrounds is fun and full of community activities. |
| 21 | NA |
| 22 | It's rural character. |
| 23 | The sense of community and the pride the people have in their community |
| 24 | Eagle fair days Community and community dinners Parks The quiet rural feel |

| 25 | The rural community. |

| 26 | i don't but hunted there a lot |
| 27 | A out of town country feel like no other around. Working for great people Hunting, Fishing, riding. |
| 28 | The country rural living & farm land. |
| 29 | Beautiful land and neighbors that you know and can count on. No industrial ugliness or pollution to worry about. |
| 30 | I don't currently live in the township, but have in the past for over twenty years and have famil living there. I am still involved in the township and value the small community atmosphere an am concerned about keeping mega growth out of the township and in the surrounding cities that have the infrastructure and want for it. |
| 31 | I no longer live in Eagle. However, when I did live in Eagle, I likely the rural character of the area. No traffic, no pollution, low crime, etc. |
| 32 | My permanent residence is not currently in Eagle township. I was a resident for approximately 27 years. Formerly when I lived in Eagle, I enjoyed the quiet rural living without the hustle, bustle, light, and noise of the city. I enjoyed living on a dirt road with a large parcel of land I could be left alone on to use for my various hobbies and sports. For the most part neighbors are courteous and the sides of roads/the countryside is without trash and litter. It's a place I loved living and still call home. |
